

# TEAM BUILDING

## AT TEXAS HORSE PARK

### Team Building Events Provided by The Leader's Institute®

**The Camaraderie Quest™** is a fun way to explore the entire River Ranch grounds while building great teamwork. Although sometimes described as an outdoor scavenger hunt, the Quest is actually much more. Your group is divided into small teams, and each receives an iPad identifying activities to complete. They must photograph or video each team accomplishment. A quick slideshow at the end is hilarious as each team is scored and a champion is crowned. (You get to keep all the photographs and videos as well.)

**Build-A-Bike®** is the most popular team building activity in the world because it is a fun, high-energy event with a philanthropic twist at the end. Groups compete to earn individual pieces of bicycles that are then assembled by each team. These bikes are then donated to a local children's charity. This creates a very emotional conclusion as each team presents their bike to a local child who may be receiving his or her first-ever brand-new bicycle. Your group will laugh and cheer throughout the event, and possibly shed a tear or two at the end.

**The Ace Race®** is for the highly competitive group, and if you want to get the energy of your team kicked up a notch, pick this event. Teams are given non-perishable food items like canned goods, and each team builds a single hole of a miniature golf course out of the items. The catch is that, when the groups begin to race to the course, each team has to have at least one person score an "Ace" (hole-in-one) on every hole. As each team accomplishes this challenge, the cheers and camaraderie escalate! Food items are donated to charity at the end.

**The Charade Murder Mystery™** if you are looking for a fantastic team building event on a budget, the Charade Murder Mystery™ is a great option. Our instructor meets with six of your executives or team members ahead of time to organize a murder mystery theater where your team leaders are criminals in a cattle-rustling conspiracy that is absolutely hilarious. Teams must then uncover clues and interrogate the suspects to discover who-dun-it. There's a new sheriff in town, and, oddly enough, it's one of your team members.

**Creating a Team Culture™** is a series of customizable team building modules for your group. You can build great leaders by training individuals, but you can build great TEAMS by training individuals together. Choose from over 40 different modules, or have one of our expert team building instructors create a unique team building experience for your group. Sample topics include how to build a trusting work environment, conflict resolution skills, gain enthusiastic cooperation from others, and build your next generation of leaders.
